

7th August, 2013

Dear Member,

We are pleased to inform you that the All India Association of Industries (AIAI) and World Trade Centre, Mumbai are jointly organizing the third edition of **Global Economic Summit on “Clusters in One World : Perspectives from Many Nations”** from September 23-24, 2013 at Centrum, World Trade Centre, Mumbai.

Industry Clusters are of significant importance since they directly act as catalysts for the economic growth of the region by fostering entrepreneurship, innovation, generating employment and enabling favorable trade and investment opportunities. It is in this context the summit aims to address the issues confronting the Clusters and their development. The 3 day, high level summit will deliberate on the role of clusters in supporting industrial development and facilitating inclusive growth. It will address the global challenges, the ability to build new competitive strengths, capacity building, creation of employment & forging links with global clusters.

For further information, interested members may please visit the website www.globalsummit2013.com.
